Sir,

Adverting to Government Proceedings No.687-9/ dated 11th November 1924 sanctioning the proposals for the establishment of the Gumbuz Gardens for 2 years, I have the honor to request you to be so good as to obtain the sanction of Government at an early date for the continuance of the Establishment either permanently or at least for another period of two years.

2. All the items of works as per estimate sanctioned in Governme Proceedings No. 116-23-6 dated 21st July 1924 for Rs.1500/- have been duly carried out. The drive has been formed; the whole orchard has been cleared of rank wild growth and low weeds; and 12 wooden tubs for plants and 6 garden benches have been added. It is --- however very necessary to undertake the improvements as early as possible so that the beauty and the revenue of the garden may be enhanced. I herein enclose an estimate amounting to Rs.1600/- for th following improvement works proposed to be carried out during the ensuing year.

(a) In front of the main entrance on either side, shrubberies are formed and bamboo railings are put up to protect them from the ravage of cattle. These temporary railings are very unsightly right at the very entrance to the garden and serve to create a bad impressi at first sight. An ornamental wooden railing is therefore very necessary.

(b) The 6 garden benches already purchased are found to be too insufficient for such a big garden comprising of over 20 acres. Therefore 6 more benches are necessary to supplement the existing stock.

(c) The existing fruit trees are very old and they have been neglected for so long that the income from these has been gradually decreasing. It is very necessary to replace some of the old fruit trees and plant up the several vacant spots with new and improved kinds of fruit plants to ensure better income in future years.

3. In the above circumstances, I request you to be so good as to obtain the sanction of Government for the expenditure of a sum of Rs.1600/- for the improvements mentioned above.
